

## Harmony Horsemanship Clinic with Lindsey Partridge Registration Form

### Liberty Essentials for May 20-21, 2017

**Find your calm connection through Liberty at Partridge Horse Hill, Pontypool, Ontario.**

Lindsey Partridge is an expert at training and retraining horses to help them find a calm connection with their human. She helps horses and riders find relaxation and harmony together so they are better able to succeed at whatever their goal is – trail riding, competitive jumping, obstacles, etc.

The goal of Harmony Horsemanship is to understand yourself, your horse and the language that connects you.

Lindsey is the first trainer to win two disciplines at the International Retired Racehorse Project's Thoroughbred Makeover, and first trainer to have both her horses qualify for finals (top 3) in both of their disciplines which included Trail, Freestyle, and Field Hunter.

This clinic will focus on liberty creating a calm connection that causes you to be the centre of your horse's universe. Learn how to create a positive shape and mindset with your horse – where your horse learns to seek you out as the answer to all of their questions. We will start online and progress to liberty depending on individual readiness.

Note the agenda is the same for each day, and the exercises and learning will progress each day.

**Optional Holiday Monday Private lessons for one on one liberty support** 9am-12pm, 6 lessons available at 30 min each. All clinic participants are welcome to watch. Cost for a lesson is \$50.

#### **Agenda:**

**8:30am – 9:45am – welcome, introductions, and classroom learning:** what are your horse's A, B, C's? why does that matter when playing at liberty? The phases of the Harmony Training Continuum - which phases you can practice at liberty(respect & safety, calm connection, create a yes horse, and refinement), and how can we increase the calm connection so your horse wants to stick with you.

#### **9:45am-10am: break**

**10am – 12:30pm – Ground Work.** Trying ground exercises to help you improve your calm connection and create more positive flexion and draw with your horse.

**12:30pm – 1:30pm: lunch time** and a chance to ask any questions about the morning

**1:30pm- 4:30pm Putting Liberty to the Test:** challenge yourself with these exercises to test your connection, we will also have some 'classroom' discussion with question & answer while our horses hang out with us so we can allow more soak time for the horses (or fidgety horses can go in the round pen for this part). Depending on the group needs we may do 10-15min of private sessions in the round pen.

## 4:30 Wrap up

5pm – 6pm: Optional watch Lindsey work with her horses

6pm Optional BBQ for \$10 (Saturday only)
